There is at present about 118 miles of irrigating canals and main ditches, not including the latteral ditches which will make the total several times this amount. This gives ample water to assure crops for about 45,000 acres. When the The American Constitution, the Enterprise canal is finished it will water several thousand acres of rich table and bottom land. It has been estimated that a quarter of million acres of additional land could be irrigated if storage dams were built. This could be done in several places, notacly at the narrows about 18 miles from Safford where a box canyon exists through which the river passes. It is from this point the Enterprise ompany are building their canal. Graham county covers an area House." f 7,000 square miles.

The Gila valley is 35 miles from he narrows to the edge of the reservation, with an average width of bottom lands of two miles, the distance between the foot hills being six miles. The Crawford Trial.

The case against B. F. Crawford, Done at Phonix, the charged with the murder of Dom-Capitol, this twenth day mick Banche, on the 23rd, of July last, came on for trial last Saturday morning. The regular jury panel was soon exhausted in the effort to ecure a jury, and it was found ecessary to issue a special venire or 30 jurymen returnable Monday corning. A jury was secured on Monday morning and the trial began the same evening with the taking of testimony for the prosecution. The evidence was all in by Tuesday afternoon, when the arguments began, and continued until 10:30 p. m.

The prosecution was represented by E. J. Edwards, District Attorney, Wiley E. Jones and C. T. Clark. The attorneys for the defense were J. F. Wilson, of Phonix, Geo. J. Stoneman and P. M. Thur-
